Due to the numerous religious as well as non-religious holidays celebrated in our country, any input on these events is welcome. Please include what traditions you follow.

The wealth of knowledge and experience each of you can offer enriches the cultural and geographical areas of our classrooms. For example, if you and your family have traveled abroad or in the United States, or are from a different cultural heritage, you can share these experiences with the class to enrich its knowledge of other areas with which they may be unfamiliar. Any foods, clothing, or any other cultural information that will bring a hands-on experience to the children are greatly appreciated.

The profession you hold is equally important to us from the Children's House through Middle School. Please include any and all training you have that we might share with the children. For example (but not limited to): musicians, firefighters, police officers, nurses, bicycle repair technicians, mechanics, and doctors. The children really enjoy their families' participation. We hope each of you share at least one aspect of your daily lives with us through the years to come.
